Contents

Acknowledgements viii

Section 1: Introduction 3
1.1 A guide for physicians 3
1.2 Changes to the guide 3
1.3 Methods 3
1.4 Driver's medical examination report 4
1.5 Payment for medical and laboratory examinations. 4
1.6 Levels of medical fitness required by the motor vehicle licensing authorities. 5
1.7 Classes of drivers' licences and vehicles 5

Section 2: Medicolegal issues 6
2.1 Reporting medically unfit drivers 7
2.2 Restricted and conditional licences 7
2.3 Review procedures 8

Section 3: Alcohol. 10
3.1 The effect of alcohol on driving 10
3.2 Identifying and assessing alcohol dependency and abuse 10
3.2.1 Patients of driving age 11
3.2.2 Men 20–40 11
3.2.3 Patients with a history of motor vehicle mishaps. 11
3.3 Recommended driving restrictions after the assessment 11

Section 4: Drugs 14
4.1 Drugs in driving 14
4.2 Sedatives and hypnotics 14
4.3 Antidepressants and antipsychotics 14
4.4 Opiates 14
4.5 Central nervous system stimulants 15
4.6 Hallucinogens 15
4.7 Anticonvulsants 15
4.8 Conscious sedation in an outpatient setting 15
4.9 Anti-infective agents, antihistamines and other drugs. 15

Section 5: Diseases of the nervous system 17
5.1 The nervous system in driving 17
5.2 Febrile or toxic convulsions 17
5.3 Syncope 17
5.4 Seizures 17
5.4.1 Single, unprovoked seizure before a diagnosis 17

5.4.2 After a diagnosis of epilepsy . . . 19
5.4.3 After surgery to prevent epileptic seizures . . . 20
5.4.4 Seizures only while asleep or on wakening . . . 20
5.4.5 Withdrawal of seizure medication or medication change . . . 20
5.4.6 Auras (simple partial seizures) . . . 20
5.4.7 Seizures induced by alcohol withdrawal . . . 21
5.5 Disorders affecting coordination and muscle strength and control . . . 21
5.6 Severe pain . . . 22
5.7 Head injuries . . . 22
5.7.1 Post-traumatic seizure . . . 22
5.7.2 Post-traumatic epilepsy . . . 22
5.8 Intracranial tumours . . . 22
5.8.1 Benign tumours . . . 22
5.8.2 Malignant tumours . . . 23

Section 6: Sleep disorders . . . 24
6.1 Sleep disorders in driving . . . 24
6.2 Assessing patients with sleep disorders . . . 24
6.3 Obstructive sleep apnea . . . 25
6.4 Narcolepsy . . . 25
6.5 Extrinsic sleep disorders and disturbances of circadian rhythm . . . 26

Section 7: Metabolic diseases . . . 27
7.1 Metabolic disease in driving . . . 27
7.2 Diabetes mellitus . . . 27
7.2.1 Non-insulin treated diabetes . . . 28
7.2.2 Insulin treated diabetes . . . 28
7.3 Nondiabetic renal glycosuria . . . 30
7.4 Nondiabetic hypoglycemia . . . 30
7.5 Thyroid disease . . . 31
7.5.1 Patients with hyperthyroidism . . . 31
7.5.2 Patients with symptomatic hypothyroidism . . . 31
7.6 Parathyroid disease . . . 31
7.7 Pituitary disease . . . 31
7.7.1 Posterior deficiency . . . 31
7.7.2 Anterior deficiency . . . 31
7.7.3 Acromegaly . . . 31
7.8 Adrenal disease . . . 31
7.8.1 Adrenal cortical hyperfunction . . . 31
7.8.2 Adrenal cortical hypofunction . . . 31
7.8.3 Hyperfunction of the adrenal medulla . . . 32
7.9 Obesity . . . 32
7.10 Hepatic encephalopathy . . . 32

Section 8: Cardiovascular diseases 33
8.1 Cardiovascular diseases in driving 33
8.1.1 General principles 33
8.1.2 Functional classes 33
8.1.3 Definitions 34
8.1.4 Specific guidelines 36
8.2 Abnormal blood pressure 40
8.2.1 Hypertension 40
8.2.2 Hypotension 41
8.3 Anticoagulants 41

Section 9: Cerebrovascular diseases 42
9.1 Cerebrovascular disease in driving 42
9.2 Transient ischemic attacks 42
9.3 Cerebrovascular accidents 42
9.3.1 Strokes 43

Section 10: Peripheral vascular disease 44
10.1 Arterial aneurysm 44
10.2 Peripheral arterial vascular diseases 44
10.3 Diseases of the veins 44

Section 11: Vision and driving 45
11.1 Recommended vision standards for driving 45
11.1.1 Visual acuity 45
11.1.2 Visual field 46
11.1.3 Diplopia 46
11.1.4 Colour vision 47
11.2 Other important visual functions for driving 47
11.2.1 Contrast sensitivity 47
11.2.2 Depth perception 47
11.2.3 Dark adaptation and glare recovery 48
11.3 Exceptional cases 48
Addendum 1: Vehicle classification for the purpose of vision standards 49
Addendum 2: Testing procedures 49
Addendum 3: Medical conditions and vision aids for driving 51

Section 12: The aging driver 52
12.1 The effects of aging on driving ability 52
12.2 Mental deterioration 52
12.3 Multiple physical defects 52
12.4 Examining the older driver 52
12.5 Restricted driving privileges and conditional licenses 53
12.6 Progressive dementia 53

Section 13: Psychiatric disease 54
13.1 Psychiatric disorders in driving 54
13.2 Emotion disorders 54
13.3 Anti-social personality disorder 54
13.4 Psychoses 54
13.4.1 Single psychotic episode 54
13.4.2 Recurrent psychotic episodes 55
13.5 Progressive dementia 55
13.5.1 Identifying patients with progressive dementia 56
13.6 Adverse reactions to psychopharmacologic therapy 56
13.7 Behavioural and learning disabilities 57

Section 14: Hearing 58
14.1 Hearing in driving 58
14.2 Hearing aids 58
14.3 Recommended hearing standards 58
14.4 Measurement of hearing loss 58
14.5 Vestibular disorders 58

Section 15: Respiratory diseases 59
15.1 Respiratory diseases in driving 59
15.2 Chronic obstructive pulmonary disease 59
15.3 Permanent tracheostomy 60

Section 16: Renal disease 61
16.1 Chronic renal failure in driving 61
16.2 Recommended driving restrictions 61
16.2.1 Intermittent hemodialysis 61
16.2.2 Continuous peritoneal dialysis 61
16.3 Cooperation between patient, physician and licensing authority 62
16.4 Renal transplant 62

Section 17: Musculoskeletal disabilities 63
17.1 Musculoskeletal disabilities in driving 63
17.2 The physician's role 63
17.3 Vehicle modification 63
17.4 Disabilities of the limbs and prosthetic limbs 63
17.5 Spinal disabilities 64
17.5.1 Cervical vertebrae 64
17.5.2 Thoracic vertebrae 64
17.5.3 Lumbar spine 64
17.6 Paraplegia and quadriplegia 64

Section 18: Anesthesia and surgery 65

18.1 The effects of anesthesia and surgery on driving 65

Section 19: General debility 66
19.1 General debility and driving 66

Section 20: Medical exemptions from wearing a seatbelt and using an air bag 67
20.1 Medical exemptions from wearing a seat belt 67
20.2 Air bags 67

Section 21: Medical standards for drivers of motorcycles and off-road vehicles 69
21.1 Operation of motorcycles and off-road vehicles 69
21.2 Motorcycles 69
21.3 Medical conditions 69
21.3.1 Depth perception and stereopsis 69
21.3.2 Angina 69
21.3.3 Carotid sinus sensitivity 69
21.3.4 Permanent tracheostomy 69
21.3.5 Cerebrovascular accidents 70
21.4 Helmets 70
21.5 Off-road vehicles 70
21.6 Snowmobiles 70

Appendix A: Provincial and territorial contact information for reporting potentially unfit drivers 71

Appendix B: Diagnostic tools for assessing fitness to drive 72

Appendix C: Driver assessment centres 78
